Performance configuration

- CCD camera, infrared fill light, back light compensation
- Luminous keyboard
- Password unlock
- Support multiple doors to enter
- ID/IC access control / mobile phone unlock
- Elevator linkage
- Optical fiber networking

Product parameters

Product material: aluminum alloy + acrylic sheet

Maximum capacity: 9999 households

Transmission method: digital

Input power: 12-18V DC

Device power consumption: 100mA, maximum 400mA

Working temperature: -40 ° C ~ 60 ° C

Installation method: embedded

Dimensions: 365X150X52mm

Installation size: 340x125x45mm

FX-D302-EF
