

Indoor Monitor

FX-R163-H

Performance configuration

- Video monitor
- Call manager
- Intercom unlocking
- Information service
- Hands-free video intercom
- Elevator linkage control
- Visitor photo message inquiry
- Can be used as a duplex extension
- Comes with 2 zones, optional 8 zones
- Secondary confirmation doorbell interface

Product parameters

Display: 7 inch color LCD screen

Resolution: 800×480

Mode of operation: touch button

Transmission method: digital transmission

Input power: 12-18V DC

Device power consumption: standby 10mA, maximum 250mA

Working temperature: -10 °C ~ 55 °C

Installation method: wall-mounted

Product size: 235 × 145 × 18mm

Product material: Aluminum frame + acrylic
