

## UHF-S

### Dimensions:

UHF-S

### Technical Specifications:

Model	UHF-S
Protocol according/Chip	ISO/IEC 18000-6C, EPC Class1 Gen2
Memory	512 Bits
Apply carrier wave frequency	860~960MHz
Operating mode	Passive
Reading/writing tool	Reader/writer and antenna
Working life	Writing 100,000 times and data can be saved for 10 years.
Writing speed	15pcs tags/second
Reading distance	3-10M

### Structure:
