

FX-M02W Wireless motion sensor

Product Feature:

- Anti-burnt cover.
- LED ON/OFF - Optional.
- Auto temperature compensation.
- SMT design, high RFI/EMI immunity.
- Alarm delay time - Optional.

Technical Specification:

Input voltage	9V 250mAH
Satic current	≤40uA
Alarm current	≤15mA
The detecting scope	≤8M /110°
Alarm indication	Red LED
Wireless frequency	315MHz/433MHz ±75KHz
Transmit distance	≤80m in the open space
Working temperature	-10°C ~ +50°C
Humidity	≤85

Coverage Pattern:
