

# FA-R1

## ABS RAINPROOF HOUSING

### Product Features

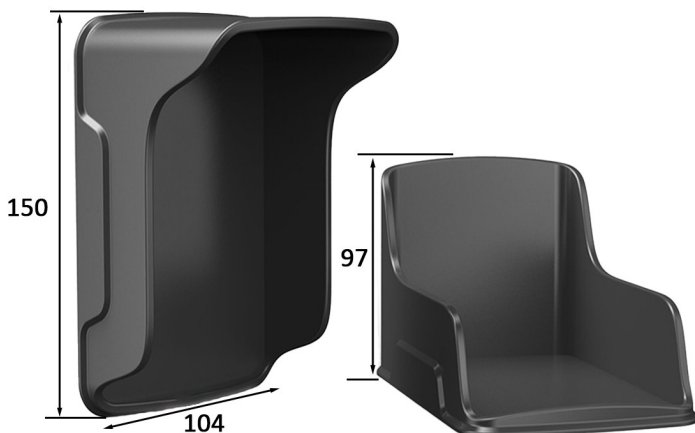

- **Rainproof protective housing** – Shields Access Control devices from rain, splashes, and dust
- **Durable molded construction** – Made from strong, weather-resistant material for outdoor use
- **Curved hood design** – Prevents direct water flow onto the button surface
- **Wall-mountable structure** – Easy installation on flat surfaces
- **Compact & space-saving** – Protects the device without blocking access
- **Open-bottom design** – Allows easy pressing and prevents water accumulation
- **Smooth finish** – Resistant to corrosion and easy to clean

### Technical Specification

Model	FA-R1
Material	ABS
Function	Rainproof
Outer Size	150 x 104 x 90mm
Inner Size	130 x 90 x 73mm
Weight	0.25kg

### Outer Dimension (mm)

### Inner Dimension (mm)
