

# UHF-H

## UHF OUTDOOR HARD TAG

### Product Features

- High reading performance.
- High quality.
- Surface mounting.
- Easy to install.

### Technical Specifications

<b>Model</b>		<b>UHF-H</b>
Chip		Alien/higgs2
Protocol according/Chip		ISO/IEC 18000-6C, EPC Class1 Gen2
Storage Area	EPC (EPC Area)	96Bits - Can read and write
	TID (TID Area)	32BitS - Can read not write
	Password	32Bits (access)- Can read and write
		32Bits visit (access) password - Can read and write
32Bits (kill) - Can read and write		
Carrier wave frequency		860~960MHz
Operating mode		Passive
Reading distance		5-10M
IP Rating		IP66
Installation type		Surface mounted
